## School Matters.

*For the Inquirer.*

### DUTIES OF PARENTS AND TEACHERS CONTINUED.

Hitherto we have taken only a bird's eye view of our subject, and must now briefly notice some of the more specific duties of parents. One of the more important duties of parents is to teach their children by example, as well as by precept.

Parents should not indulge in any habit, or engage in any act which they would not have their children imitate or practice. Children are expert scholars at imitation, and especially the example of their parents.

The little child learns to lie or use deception long before it can articulate an untruth.—From whom has it learned this trick of the arch deceiver? A child imposes implicit confidence in the word of its parents and all others, until it is compelled to doubt their veracity, by the failure on their part to perform the promise or execute the threat made; and there can be no ground for doubt on the part of the child until deceived by others.

Thus, a mother tells her child if it will not cry while she is gone to town, she will bring it a new book, or some other desired object.—She returns without the promised object; the child has been deceived, and the mother thinks but little about it; but perhaps, from that apparently trivial circumstance, the child's confidence has been destroyed; it has learned to deceive and lie, and finally carries its treachery so far that he cannot be believed under any circumstances.

Now, it might be asked with propriety, who ruined that child? Let reason and conscience decide where the evil had its origin; undoubtedly in being deceived by its mother. "Just as the twig is bent, the tree's inclined."

Parents should inculcate truthfulness in their children, by always speaking and acting the truth before them. So should parents walk circumspectly before their children, both in word and deed, in regard to every vice, or evil habit of life, which they would not have them practice or imitate. Thus, if the child sees either parent indulge in anger, malice or revenge, it is sure to follow their example.

We have already said that children are brought into the world predisposed to evil, that would prove detrimental to their well being here and hereafter.

Hence, it is the duty of parents to watch the development of mind in their children, and curb early in life, all those evil tendencies natural and common to childhood and youth, and thus form in them dispositions and habits that will render the practice of right and virtue both easy and pleasant to them, when they take their places in society as men and women.

One of the most difficult tasks that parents have to perform, is to form in their children the habit of submitting their wills to those of their parents, in *all things, without murmuring or complaint.*

To secure this point is of the highest importance. It is indispensible to the happiness and well being of the *child*, the *youth* and the *man;* and without this is secured, there will be pouting and sullenness in the family, obstinacy and rebellion in the school, and open *defiance to all law* in society.

Parents very frequently through sympathy and ignorance, teach their children to be obstinate and self-willed, by rewarding them in their obstinacy, by hiring them to do as they or bidding of their parents. Thus, the child desires some object which it must not have, the parent refuses to give it, but the child persists on having the desired object, because its wishes are not granted by the parent, it becomes enraged, and commences a most wonderful screaming and crying, until the sympathies of the silly parent are aroused, and then for fear the little urchin will strain his lungs, or make himself sick by crying, the silly mother will commence, "well, well, dear, don't cry, just look here; see what mother's got for you; here is a great big lump of sugar for you, dear." She gives him the sugar, and by so doing, has virtually paid him a price for his bad conduct, and has done her child a great injury, which in after life may be the cause of his having to be punished for being obstinate and self-willed. Parents should never exact anything of their children but that which is reasonable; and then their *will* should be the end of *law* to the child, and it should be taught, and if need be, compelled to yield cheerful and implicit obedience to the will of the parents, or whoever may have the control of them for the time being.

If this method was pursued in every family, we would not have so many *Young Americas* as are common nowadays. More anon.

GEORGE SIGAFOOS.

## Election of School Directors.

Get thee glass eyes,
And, like a scurvy politician, seem
To see the things thou dost not.—*Shakespeare.*

Bless me! this is a political subject! I am almost afraid of contamination. I never could exactly divine the difference between the politics and the small-pox, beleaving them to be equally contagious, and if I have heretofore refrained from making excursions into the field of politics, it must be attributed to my utter detestation of things political, in reference to our Common School system, but I am now to deviate from the beaten track, and to call all my friends, (and I hope that their name is Legion,) to go to the polls! to go early! stay late! see that every voter is out! have wagons in readiness! to bring out those who don't care whether General Jackson or John Quincy Adams is elected! to pay for liquor and other [illegible]! to do the fighting! elbowing! pitching! liquoring! and swearing! for the *best men* in Bedford County for School Directors.

Exactly! The *best men* did I say? yes, the best men beyond a peradventure. No office, within the gift of the people, requires better men, than the office, of Common School Director. Let each Township make an effort to place the best men in the field and *they* will be elected, because the best men are generally, best appreciated.

### LETTER FROM ILLINOIS.

URBANA, ILL., March 1, 1860.

FRIEND OVER:—Having a few leisure moments, and thinking perhaps that you might be pleased to hear from this, our prairie country, I conclude to give you a short sketch of matters in general. Health is remarkably good, there being no sickness comparatively. I believe there is no country entirely free from occasional cases of sickness and death. Such is the case here, there have been a very few cases of typhoid fever, and other diseases common to this climate. Business is improving, trade has been better this winter than it was last, owing, perhaps, to the fact, that crops were better last year, than for two years previous, and owing to good prices, farmers have been enabled to pay off some of their indebtedness, as well as to pay cash for such things as they need. The hard times have taught the people in general to live economically, thereby saving a great amount of money that otherwise would have been thrown away for gimeracks, gewgaws, &c., &c., doing nobody any good. The corn crop was not as good as was anticipated; however, farmers have no reason to complain, as the average crop was good. Corn is now selling for 30 to 32 cts.; the potatoe crop was the best ever raised in this country, and they are selling now at 40 cts per bushel. The crop of small grain was light.

Political matters are assuming a very prominent position before the American people, and our folks in Illinois are not behind in their zeal for the great battle to be fought the coming summer and fall. The two great parties, as you know, each have a prominent leader in this State, and each party is looking forward to the two great National Conventions for the selection of their respective leaders, as the standard bearer in the coming contest. The Democracy are trembling in their boots, for fear they cannot marshal their forces in the Charleston Convention, to nominate their *squatter-sovereignty unfriendly-legislation* candidate. There *is* great dissatisfaction in the Democratic ranks, on account of the disunion sentiments so profusely belched forth in Congress, by the pro-slavery Democrats of the South, and also because the doughfaces of the North did not rebuke such sentiments at once. This feeling is freely expressed by the more honest and conservative of the party, that parties that are [illegible] convinced of the corruption existing in the party, as well as the ready obedience to the demands of *slavery propagandists.* Many of the conservative Democrats will not support the candidate of the Charleston Convention, if the man and the platform are not to their notion. They will not support any man on a slave code platform, and they are equally opposed to a slave code for the territories, the reopening of the African slave trade, and all such repulsive doctrines, which ought and will be denounced by all patriotic, liberty loving American citizens. Many of the conservative democrats are not altogether satisfied with the course of S. A. Douglas during the last six months, and even with him as their standard bearer, the platform must be plain and unmistakable in its meaning, to command their support. So you see from this state of feeling in the Democratic ranks, and the present appearances of what the Charleston Convention will bring forth, which must be plain to every observing man, that the chances for a man and principles that will suit the conservative element of the party in the North West, is not at all probable. The Republicans look for considerable help in the coming contest from conservative Democrats, as the proscription of civil and industrious freemen in the Southern States, and by Southern Democratic fanatics, has had no small effect on the minds of liberty loving men. Republicanism is emerging, and Republicans in this State are at work. We are ready to support the nominee of the Chicago Convention. In the language of the Hon. Henry S. Lowe, they intend to support that very eloquent, learned and able gentleman nominated by the Chicago Convention, and our first choice is our own honest Abraham Lincoln. Suggestions from your State, of Cameron and Lincoln, we acknowledge, would be a good ticket, but the claims of Lincoln will be pressed for the first office. We would like the ticket of Lincoln and Cameron; and, believing that such a ticket would secure your State, we insist that to make sure of the Northwest, this State included, Lincoln is the most available; also, as there are three elements of the opposition which it is necessary to unite, and that they can be united more readily on him than almost any other man.—Wisconsin Republicans' first choice is Seward, but they fear that he could not unite all the elements of the Opposition. There is another element of the Opposition party represented by Bates, but his nomination could hardly unite the Seward or more ultra of the Republicans; but Lincoln, representing, as all will admit, the conservative element of the party, and being both capable and honest, is he not the most available? would not the friends of Bates and Seward more readily come up to the support of the ticket, and work for it with a better will, than they would either of the extremes? Such seems to me to be fair reasoning and correct conclusions. The "Little Giant" never crossed steel with a man who could strip his arguments of their outer covering, and show their naked deformity so effectually, as did Lincoln in their joint debates of '56.—I venture the assertion that Abe Lincoln can carry more Democratic votes in the Northwestern States, than any man mentioned in connection with the Presidency. But whoever the wisdom of the Convention may see fit to choose as a standard bearer, will receive the support of the Republican party in this State, and of all good Republicans everywhere, who have the good of the country at heart, and are not blinded by prejudice. Cameron, if not Lincoln, will be very acceptable to the party in this State. I think the change in the time of holding the Convention, from June 13th to May 16th, is a good one, and will meet the approbation of all friends of our cause.

But I must close. This letter has now taken more time and space than I intended in the commencement, and if your patience does not weary in reading, I shall be disappointed.

Yours, truly, H. M. R.

### A SKATER'S EXPERIENCE.

One of the editors of the Milwaukee *News*—Pomeroy—thus relates his "pleasures of skating."

"Right beneath one of our windows, from morn till midnight, we see youngsters and oldsters twisting their legs into all conceivable shapes. We can not pick up a paper but an article on 'skating' meets the eye. Everybody says it's fun, and that's all 'everybody' knows about it, for we have tried it. Last night, about gas-light time, after reading a glowing description of life on skates, we prepared for our first attempt, and sailed forth to join the merry crowd. We had on a pair of stoga boots, trowser legs tucked inside, a Robert-tailed coat, and white hat. We went down on the ice, and gave a boy two shillings in good coin of the realm for the use of his implements. We have confidence, even as great as Peter's faith. We, with the assistance of a friend, fixed on the skates, and stood erect, like a barber's pole.

"Encouraged at the sight of some ladies on the bridge looking at the skaters, we struck out. A slant to the right with the right foot, a slant to the left with the left foot, and just then we saw something on the ice, and stooped over to pick it up. On our feet again—two slants to the right and one to the left, accompanied with a loss of confidence. Another stride with the right foot, and we sat down with fearful rapidity, with very little, if any elegance! What a set down it was—for we made a dent in the ice not unlike a Connecticut butter-bowl! Just then one of the ladies remarked, 'Oh, look, Mary, that feller with the white hat ain't got his skates on the right place!' Ditto, thought we. Just then a ragged little imp sang out, as he passed us, '*Hello, old timber legs!*' and we arose suddenly, and put after him. Three slides to the right, two to the left, and away went our legs—one to the east, and the other west, causing an immense fissure in our pants, and another picture of a butter-tray in the cold—oh, *how cold*—ice! Then the lady—we know she was one by the remark she made—again spoke, and said, 'Oh, look, Mary, that chap has sat down on his handkerchief, to keep from taking cold!' We rose about as graceful as a saw horse, when Mary said, 'Guess 'taint a handkerchief, Jane,' and Mary was right. It wasn't a handkerchief—not a bit of it! Just then a friend came along, and proffered us his coat-tail as a 'steadier.' We accepted the continuation of his garment, and up the river we went about ten rods, when a shy to the right by the leader caused us, the weel horse, to shoot off on a tangent, heels up! But the ice is *very* cold this season!

"We tried it again. A glide one way, a glide and a half the other, when '*whack*' came our bump of Philoprogenitiveness on the ice, and we saw a million of stars dancing round our eyes, like a troup of ballet girls at the Bowery Theater. How that shock went through our system, and up and down our spinal column! Lightening couldn't have corkscrewed it down a greased sapling with greater speed and more exhilarating effect. Boarding-house butter on a warranty deed could not have struck stronger than we did—and a dozen ladies looking us, and our 'fissured' pants!

"'Hello, old cock!' sang out that ragged imp again, and we there helpless. Soon we got up and made another trial with better success.—Perhaps we had skated in our peculiar style, fifteen feet, when a blundering chap came up behind, and we sat down with our tired head pillowed in his lap, and he sweared at us, when it was all his own fault! How cold the ice was there, too! Every spot where we made our debut on the ice—oh, how cold it was!—Our *bear skin* drawers were no protection at all! We tried again, for the papers all say it's fun, and down came our Roman-Grecian nose on the cold julep material, and the little drops of crimson ran down our shirt bosom, and on to the cold ice. Once more we tried skating, made for the shore, sat down, and counted damages.

"Two shillings in cash thrown away. Seven latteral and one 'fronteral' bumps on the ice. One immense fissure in as handsome a pair of ten-dollar cassimeres as a man ever put his legs in. One rupture in the knee, extending to the bone. Four buttons from our vest, a 'fragmented' watch crystal, and the back-ache, big enough to divide among the children of Israel. If you catch us on the smooth, glassy, chilly, freezing, treacherous, deceitful, slippery, and slip-uppery ice again, you'll know it! If any one ever hears of our skating again, they will please draw on us at sight for the bivalves and accompaning documents. We have got through skating. It's a humbug. Its a vegation of spirit, of business, of flesh; and tearer of trowsers! It's a head-bumping, back-aching, leg-wearing, dangerous institution, and we warn people against skating. We tried it, and shan't be able to walk for a month. Skating clubs are a humbug, and all the rascally youngsters wish to get the ladies at it, is that they may see if they too, don't say '*the ice is dreadful cold!*' It's nothing to us, but the ladies will do well to let skates alone, unless they are younger and more elastic than we are. Oh, how cold the ice is—*we can feel it yet!*"

### To Our Friends!

During the past winter we sent out quite number of accounts to some of our subscribers, for subscription, varying in amount, from $4 to $20. We stated that we had purchased a property and had near $1000 to pay on the 1st of April, now near at hand, and would be glad if they could make it suit to pay the respective amounts, or at least part of them, but as yet we have not received from these persons $25, in all. Come, friends, don't let us stick, but every one of you try to pay us immediately.

---

A Bill has been introduced into the Legislature, by Senator Hall, of Blair, providing, that coal and ore rights and mining privileges, owned by any person or corporation within this Commonwealth, shall be assessed and taxed according to their value, and the taxes collected as real estate taxes now are.

To this bill a newspaper called the "Mining Record" objects, it seems. We are not sure but that the "Mining Record" may be somewhat in the interest of the coal-right speculators. At any rate, we regard the proposed law as eminently just and proper.

It is not very many years since the Schuylkill County farmer hauled his black diamonds into Philadelphia, and found no sale for them, people having no faith in his assertion that the black stones would burn. Ten years or so ago, the Broad Top coal field, surface, coal, ore and all, was regarded as of very little value. The whole mountain could have been purchased probably at an average of two or three dollars an acre, and coal rights were purchased at a mere song. If we mistake not, in 1848, or thereabouts, a citizen of this place bought the exclusive right to the coal and all other minerals of over one thousand acres on Broadtop, for *one hundred and fifty dollars*, which on the completion of the rail road was worth from *thirty to forty thousand dollars*, and this is not a solitary case.

Now, what is the surface or farming right of Broad Top lands worth? About as nearly nothing as land can be—rough, rocky, steep, and poor as it is. But the coal and ore rights are valuable—will be *immensely valuable*, many of them, no doubt, when trade and times revive.

But, as the law stands now, the land is taxed to the poor man owning the comparatively worthless surface right—the mere shell—whilst the speculator having the coal and mining right, the really valuable kernel, pays no tax whatever.

And the object of this bill, as we understand it, is, that the owner of the surface right shall be taxed for what he actually has, according to its value, and the owner of the coal right shall also pay his due proportion of taxes to support the government, which protects him in and secures to him his rights and priviliges.

Bedford County as well as Blair is interested that this thing should be done.

There has been, within the last few years, in many of the mineral Counties of the State, a good deal of speculating in mineral rights and mining privileges. Keen, shrewd speculators have traveled among the farmers along the lines of projected public improvements, and purchased for a trifle, from unsuspicious and unknowing men, coal and ore rights, worth many times more than the whole land besides. And it seems there is no provision for taxing these rights. We are at a loss to understand how any one can doubt the propriety of doing it. If any one is to escape taxation, let it rather be the owner of the poor mountain surface, than the owner of the coal. But let each pay their fair proportion. Let the assessor value the whole tract, coal and all, and then divide that value fairly between the respective interests. Can any reasonable man object to this? A property, whether it be coal right or surface, is generally regarded as being worth what it will bring at a fair cash sale.

The editor of the Bedford Gazette heads a paragraph on the subject of this bill, "More Protection," and asks, "Is this the kind of "protection Republicanism is in favor of giving Pennsylvania coal and iron? Its Tariff "turns out to be taxation."

In what way the bill introduced by Senator Hall is connected with a protective tariff, we cannot understand. Does the Gazette man mean to say that the owner of a coal right should not pay his fair share of tax on it?

But suppose, Mr. Gazette, you define *your* position on the subject of a protective tariff; you seem to be so fond of "spreading" yourself oracularly on great questions. Perhaps a little *honest and earnest advocacy* of a protective tariff at your hands, now you are, or pretend to be, a Democrat, might be of service, if you really are in favor of protecting Pennsylvania iron and coal. The President and the Reading Convention have made it *safe* (*you* have an eye to *that*) for you to take that course, and as there has been a good deal of anti-tariff preached and taught in the meetings and presses of your party for some years past, in this section, it might be well to enlighten the masses a little. The facility you seem to have acquired in *turning* at the beck of self-interest, will make you a very proper leader in this change of party position.

### THE LAST OF HARPER'S FERRY.

No sooner had John Brown and his mad followers made the attack on Harper's Ferry, than the whole Locofoco party charged the blame of it on the Republican party, and accused them of being in some way connected with it. Pretending to believe these charges true, Senator Mason, of Virginia, so soon as Congress met, procured the appointment of a democratic committee of investigation, with himself as Chairman, fully authorized to examine the whole subject. This investigation has been rigorously pressed for months, and the result is just what we expected, and knew it would be. Not a single spark of evidence has been procured to show that anybody but John Brown and his twenty-three men knew anything about it. More than this, it positively appears that nobody else did know anything on the subject. Not even Gerrit Smith, and his radical school of abolitionists, were aware of Brown's plans, and he has commenced actions of slander against certain parties for charging that he was connected with the mad scheme.

So complete has been the acquittal of the Republicans, and all others in the North, that in a recent speech in Congress, the Hon. Henry Winter Davis, of Maryland, in speaking of this matter, says:

"*The utmost vigilance of two governments has failed to trace a single connection with any body of men in any State.* Two of Brown's confederates were arrested in Pennsylvania without warrant, and carried without a guard to jail in Virginia. His arsenal contained two hundred Sharpe's rifles, and something over a thousand pikes; his army consisted of about twenty men, and such were the means provided by eighteen millions of people for the invasion of ten millions! for though rumor promised him succor, *no one ever saw a body of men or a single man marching to join him or to rescue him.* It (the investigation) negatives the existence of any conspiracy against our peace in the free States of the Confederacy. Neither the plan nor the execution revealed any higher intelligence or greater power behind the crazy enthusiasts who acted in the tragedy. To lay this blood at the door of a great political party of our fellow citizens, who now control the government of every free State except two, in spite of the indignant denial of all their representatives here, *and without particle of proof in fact*, IS NOT REASONABLE."

Such is the honest statements and opinion of an able and honest Southern member of Congress, and it confirms all we have said heretofore on the subject. They prove the utter recklessness and falsehood of all these charges made by Locofoco politicians, and the people everywhere can now see what the truth is, and act accordingly.

### THE SPRING ELECTIONS!

The elections in Bedford County, have resulted gloriously for the People's Party. We have received a letter from St. Clair, stating that we have elected our whole ticket by an average majority of 78. We have also received a lettef from Union, stating that we have carried our whole ticket by an increased majority over last fall. Esquires Hull and Oldham were re-elected Justices of the Peace. Michael Wertz was beaten by one of our candidates 32 votes, and by the other 54! In Londonderry we carried the Judge. In Napier we carried the Justice of the Peace, two Supervisors, and two School Directors, in Schellsburg Borough, we carried two School Directors. In Monroe, we carried our whole ticket by an increased majority. In Snake Springs, we carried our Judge. In South Woodberry we carried our whole ticket except a School Director, and we think a Supervisor. In Middle Woodberry, the People's Party triumphed. In West Providence, ditto, by a large majority. So far as we have learned, from other parts of the County, the People's Party have achieved a glorious triumph. Now, boys, for the fall campaign! One more charge and the County is ours!

### Borough Election.

The election in this Borough last Friday resulted in the success of the Locofocos, generally. We elected the High Constable by 4 votes of a majority, and Auditor by 46. One of our justices of the Peace, Esq. Radebaugh was only beaten 2 votes! The majority of Hugh Moore, for Judge of Election, was only 10 votes over Martin Millburn. Mr. Moore ran considerably behind his ticket. His majority last year was 24! Mr. Moore, instead of attending his duties as Judge, was out of his seat half the day electioneering, and yet ran behind his party vote! The People's Party had the power to have elected their whole ticket, had our men stood firm. As it is, we gain considerably over last year's vote.

APOLOGY.—No paper was issued from this office last week. We were disappointed in getting paper. This is the first time we have missed a paper for several years.

TUSCARORA FEMALE INSTITUTE.—We call the attention of parents and guardians to the advertisement of this institution in to-day's paper. The location is a very superior one, in the heart of Tuscarora Valley, well known for its beauty fertility and health, and settled by a moral and intelligent community. The buildings were erected for the purpose, with all modern improvements and comforts, and the grounds handsomely improved. The Principal, Mr. Agnew, has had twenty years' experience teaching a first class, Female School in Philadelphia, and enjoys the very highest reputation as a scholar and Christian gentleman, and will be certain to render satisfaction to all who will commit to his charge their daughters and wards. Under his management the Institute will rank among the first in the State.

### PEOPLE'S CLUB!

On Monday evening, at an hour's notice, a large meeting of the People's Party of Bedford Borough, was held in the Court House, for the purpose of forming a People's Club. A Constitution was adopted and many voters signed their names to it. Hon. Fr. Jordan, made an excellent speech. The regular meetings will be held on the first Tuesday evenings of every month.

Friends, in the Townships, go to work, and get up an organization. Let there be a Club established in every Township, and Borough in the County. To work! To work!! To work!!!

### A TEL-LIE-GRAPH.

The following lying dispatch was sent from this place on Saturday. It is a *lie* out of the whole cloth. There has been a gain in Bedford Borough and township of about 50 votes over last year, and a large gain in the whole County for the People's Party:

**Election at Bedford, Pa.**

BEDFORD, March 17.—At the election yesterday, Bedford district gave increased Democratic majorities.

---

BEDFORD TP.—In Bedford Township, the Democrats elected their whole ticket except Michael Nawgel for Supervisor who was beten 13 votes by Capt. Geo. Smith. The majority for Judge, and most other officers, was less than 20—a gain of about 50 for the People's Party! Good!

---

We have received a letter requesting us to send our paper one year for one dollar. This we cannot do, $1,50 is not too much. We will send it in Clubs of 10 for $1,00 each, in advance, or from this time until after the Presidential election for $1,00.

### FIRST GUN FOR 1860.

*REPUBLICAN VICTORY.*

The day breaks grandly over the Granite hills of New Hampshire. The election of Tuesday week resulted in the triumph of the Republican State ticket by a majority largely increased over that of last year. To New Hampshire belongs the honor of the first victory in the campaign of 1860. Last year Goodwin's majority over Cate, democrat, was 3543. This year Goodwin's majority is about 5,000: showing an increase of 1500 over last year. Last year the Republican majority in the Legislature was 73: this year the majority is 99—a gain of seventeen over last year.

A more auspicious opening of the campaign could not be asked for. All hail New Hampshire! Honor to the freemen of her granite-ribbed hills!

### The Triumph in Chicago.

The following is the vote for Mayor in Chicago at the recent Charter Election:

| *Wards.* | WENTWORTH, R. | GURNEE, D. |
|---|---|---|
| 1 | 1,072 | 768 |
| 2 | 1,146 | 1,144 |
| 3 | 727 | 739 |
| 4 | 482 | 601 |
| 5 | 1,250 | 789 |
| 6 | 1,686 | 972 |
| 7 | 1,564 | 1,353 |
| 8 | 669 | 648 |
| 9 | 418 | 484 |
| 10 | 893 | 1,261 |
| Total. | 10,007 | 8,759 |
| Wentworth's R. majority, | | 1,246 |

This is the largest vote and the largest Republican majority ever cast at a Charter election in that City. The aggregate votes for Mayor at the two preceding Election respectively were as follows:

| | | |
|---|---|---|
| 1858. | Haines, | 8,641 |
| | Brainard, | 7,481 |
| Republican majority, | | 1,161 |
| 1859. | Haines, | 8,587 |
| | Gilman, | 7,728 |
| Republican majority, | | 859 |

It looks as if this was not a "bearing year" for Sham Democracy.

*The Chicago Times* (Mr. Douglas's home or gan) of the morning after Election, has the following ruefully comic notice:

"NOTICE TO BETTERS.—All persons who have claims against persons in this office for boots, hats, caps, coats, and various other things in the way of wearing apparel, lost by us and won by them, on the late election, are notified to apply on Monday next, in the forenoon, between the hours of 10 and 12 o'clock. To prevent confusion, our friends will approach the office from Washington street, return by Madison street."

"MAN WAS MADE TO MOURN."

So said the inimitiable Robert Burns, and, to a great extent, no doubt, he was right.—There is no season of the year at which people are more liable to contract disease, than at the present. The many sudden changes of temperature, the damp and slush of dissolving snow, added to the follies of many prevailing fashions, send thousands to premature graves. Can nothing prevent this? We have but to mention "Doctor Lindsey's Improved Blood Searcher," and the question is answered.—Read the certificates of its efficacy. Try a bottle, and if satisfaction is not given, the money will be refunded. Sold by all the principal druggists in the Union. See advertisement.

### Tribute of Respect.

At a meeting of the Cumberland Valley Blues, March 12, 1860, Lieut. Wm. Hemming was appointed President, and John H Filler, Secretary.

The following preamble and resolutions in gard to the death of Wm. H. Wentling were ported and unanimously adopted:

WHEREAS, It has pleased Almighty God in infinite wisdom to remove from our midst, the hand of death our beloved comrade, m. H. Wentling, be it therefore

*Resolved*, That while we bow with humble bmission to the will of God, we can but de re the departure of him whose death has rown a deep gloom over all our hearts.

*Resolved*, That by this sore dispensation of ovidence, the company has lost one of its st steadfast friends, one of its brightest ornments, in short a loss that will not soon be paired.

*Resolved*, That we unite our sorrows for his ath, with the bereaved Widow and friends of deceased, and in this sad dispensation we ognize the voice of God saying to us, be ye ready.

*Resolved*, That we attend the funeral in a body showing to the deceased the usual military pect to which he is entitled, and also that wear the usual badge of mourning for thirdays.

### DIED.

On the 8th inst., at the residence of his father, in Schellsburg, Mr. DAVID W. CLARK, in the 22nd year of his age.

The subject of this notice was born in Schellsburg, and from infancy was a delicate boy.

Some four or five years since he commenced a College course at Washington, Pa., where he graduated last fall, and returned home with his health much impaired.

During a revival of religion in Washington, he connected himself with the Presbyterian Church, and it was his intention, had his life been spared, to enter the Theological Seminary at Allegheny, and prepare himself for the ministry.

On the 23d of Jan. at Maria Forges, Blair Co. Miss SARAH ANN ZIMMERLA, aged 27 years 7 months and 16 days.

The deceased at the time of her death, was residing with her father, Mr. Joseph Zimmerla, formerly of Cumberland Valley, Bedford County.

With her sorrowing parents we sincerely sympathize. Not long ago the angel of death, with his unwelcome presence, darkened the door of their humble dwelling, and they mourned, at his departure, the untimely loss of two interesting sons. Her death was a complete triumph over the terrors of the grave, her last words, *"I am going to join my brothers!"* ***

## ONLY PREPARATION

WORTHY OF

**Universal Confidence & Patronage.**

FOR STATESMEN, JUDGES, CLERGYMEN,

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

79 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of 15th inst., has been received, saying that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that my gray hair could ever be restored to its original except from dyes. I was however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

Very respectfully, BEN. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York.

My family are absent from the city, and I am no longer at No. 11 Carrol Place.

Sumaston, Ala., July 10th, 1859.

To Prof. O. J. Wood: Dear sir: 'Your Hair Restorative' has done my hair so much good since I commenced the use of it, that I wish to make known to the public or its agents on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your 'Hair Restorative,' the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly, WM. H. KENEDY.

P. S.—You can publish the above if you like.—By publishing in our southern papers you will get more patronage south. I see several of your certificates in the *Mobile Mercury*, a strong southern paper. W. H. Kenedy.

WOOD'S HAIR RESTORATIVE.

Professor O. J. Wood: Dear sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever in New Orleans in 1851. I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

O. J. WOOD & CO., Proprietors, 444 Broadway New York, and 114 Market Street, St. Louis, Mo.

MOFFAT'S

**Vegetable Life Medicines.**

A mild yet effectual medicine, composed of the best material known to medical science, for the cleansing of the alimentary canal and relieving the springs and avenues of life of all morbid obstructions and impurities, must be a public blessing and a domestic and individual protection and safeguard, in proportion as it becomes known. Such a medicine the families of the United States have long had in MOFFAT'S CELEBRATED LIFE PILLS AND PHŒNIX BITTERS, and the good they have done is inestimable. They have won their high fame and firmly established character by their virtues alone, without the aid of the usual arts of notority or impudent experiment on the faith of the credulous.

In all general derangments of the digestive and alimentary functions, as well as in a vast variety of acute and chronic diseases, their effects are prompt and complete as to excite astonishment.

*In rheumatism, settled pain in the organs and limbs, costiveness, piles, liver complaints, jaundice nervous and bilious attacks, headaches, fever and ague, eruptive diseases, bad aspect of the complexion, indigestion and flatulency, cholics, affections of the bladder and kidneys, dropsy, asthma and bronchitis, rheumatic colds and sore throats,* and indeed in almost every conceivable kind of ill health they are invaluable, and will afford certain, and most generaly permanent relief. They require neither confinement nor change of diet—they neither prostrate the strength nor give pain—and a more delightful and effectual medicine cannot be procured either for individuals or families.

The proprietor has received for many years and is continually receiving the most fervent and grateful testimonials of their value. Prepared and sold by DR. WM. B MOFFAT, 335 Broadway, and also by the agents.

**To Farmers and Gardeners.**

THE subscribers offer for sale 60 000 Barrels of POUDRETTE, made by the LODI MANUFACTURING COMPANY, in Lots to suit Purchasers. This article is in the twentieth year of its introduction into this country, and has outlived fertilizers of every other description, for the following reasons:

1st. It is made from the night soil of the City of New York, by the L. M. Co., who have a capital of $100.000 invested in the business, which is at risk should they make a bad article.

2d. For Corn and Vegetables it is the cheapest, neatest and handiest manure in the world; it can be placed in direct contact with the seed, forces and ripens vegetation two weeks earlier, prevents the cut worm, *doubles* the *crop*, and *is without disagreeable odor.* Three dollars worth or two barrels is all sufficient to manure an acre of corn in the hill.

PRICE—4 bbl. $2—2 bbls. $3.50—5 bbls. $8, and over 6 bbls. $1.50 per barrel, delivered free of cartage, to vessels or railroad in New York City.

A pamphlet containing every information, and certificates from farmers all over the United States, who have used it from two to seventeen years, will be sent free to any one applying for the same.

LINDSEY'S IMPROVED

BLOOD SEARCHER,

A STANDARD MEDICINE

For the speedy, radical, and effectual cure of ALL DISEASES arising from IMPURITY OF THE BLOOD.

This medicine has wrought the most miraculous cures in desperate cases of

Female Complaints, and all Diseases having their origin in an impure state of the Blood.

The above is a portrait of David McCreary, of Napier township, who, on the 31st day of August, 1858, made affidavit before Justice Gorley that he was treated for the cure of Cancer by three physicians of Bedford County, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his *lip, nose, and a portion of his left cheek were entirely eaten away!* He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this remarkable case may be seen in a circular, which can be had of any of the Agents.

We also refer to the case of Nancy Blakney, of Elderton, Armstrong county, Pa., cured of Scrofula after being unable to get out of bed for three years.

To the case of a lady in Ansonville, Clearfield county, who was also afflicted with Scrofula in its worst form.

To the case of George Meisel, residing in Carrolltown Cambria county, Pa., who was so badly afflicted with Cancer that it eat his entire nose off, and his case was worse, if possible, than McCreary's.

The particulars of these cases—every one of which was cured by the use of the Blood Searcher—may also be found in a circular to be had of any of the Agents.

## HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind, then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

*For Persons in Advanced Years*, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

**CAUTION.**—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞**Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.**

## DR. M'LANE'S CELEBRATED VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to
Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.
We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:
THE VERMIFUGE,
For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.
THE LIVER PILLS,
For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of
FEVER AND AGUE,
preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,
FLEMING BROTHERS,
PITTSBURGH, PA.
to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to
FLEMING BROS. Pittsburgh, Pa

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros. Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

For sale by Dr. B. F. Harry, and Reamer & Way, Bedford, and by dealers generally throughout the County.

*Opposite St. Clair Hotel PITTSBURGH.*

AND may be consulted daily, (except Sundays,) for CONSUMPTION, ASTHMA, BRONCHITIS, and all other CHRONIC COMPLAINTS complicated with or causing pulmonary disease, including Catarrh, Heart Disease, Affection of the Liver, Dyspepsia, Gastritis, Female Complaints, etc.

Drs. FITCH & SYKES would state that their treatment of consumption is based upon the fact that the disease exists in the blood and system at large, both before and during its development in the lungs, and they therefore employ Mechanical, Hygienic and Medicinal remedies to purify the blood and strengthen the system. With these they use MEDICAL INHALATIONS, which they value highly, but only as Palliatives, (having no curative effect when used alone,) and invalids are earnestly cautioned against wasting the precious time of curability upon any treafment based upon the plausible, but false idea that the "seat of disease can be reached in a direct manner by Inhalation." For as before stated, the seat of the disease is in the blood and its effects only in the lungs.

☞No charge for consultation.

A list of questions will be sent to those wishing to consult us by letter.
